Blue Springs, MO September 12, 2025 --([PR.com](http://PR.com))-- Joshua Mancini, author of "Mind of McDavid," has completed his new book, "High School Boys and the Silver Legion": a spine-chilling novel that unpacks history's largest terrorist attack on a high school.

Author Joshua Mancini is a sophomore in college pursuing a degree in philosophy.

Mancini writes, "The stairs were metal with a red border, cold and wet. They went down in a triangular pattern fully surrounded by a bleak-gray concrete wall. It was dark except for the dim-yellow LED on every other step. The men wore a black tunic with black pants. They each had a rifle tied to a black strap that was loosely wrapped around their body, swaying back and forth as they descended each step."

Published by Page Publishing, Joshua Mancini's unpredictable tale explores how a case of one missing student becomes so much more than anyone could have imagined.
