Winter Springs, FL November 26, 2025 --(PR.com)-- Jim Lewis, a retired public high school teacher of English, who currently serves his community as an inpatient volunteer in hospice care for a major hospital system in Central Florida, has completed his new book, "Bits and Pieces": a collection of the author's thoughts, stories, questions, and experiences that reflect on his life while expressing gratitude for all he has been blessed with.

"'Bits and Pieces' is a reflection of a simple man's views into his own hourglass," writes Lewis. "It is a collection of an American octogenarian's thoughts, stories, questions, and experiences. If there is one common thread that unites all the disparate entries recorded in the pages of this book, it is my profound gratitude for the grace, love, mercy, and forgiveness afforded to us all by a wonderful and loving God."

Published by Covenant Books of Murrells Inlet, South Carolina, Jim Lewis's new book, presented in a nonlinear manner, will transport readers with each turn of the page, leaving a lasting impression long after the final entry.
