

Yuri's Night and Kennedy Space Center Visitor Complex Present "Kennedy Under The Stars: Yuri's Night Edition"

Cape Canaveral, FL March 31, 2026 --([PR.com](https://www.pr.com))-- Yuri's Night, in collaboration with Kennedy Space Center Visitor Complex, will host Kennedy Under The Stars: Yuri's Night Edition on April 3, 2026, from 6:00 p.m. to 10:00 p.m., an after-hours celebration of space, science, and human achievement.

This special event serves as the official East Coast flagship celebration of Yuri's Night, the global initiative that commemorates the first human spaceflight by Yuri Gagarin on April 12, 1961, and the first Space Shuttle launch on April 12, 1981.

For one unforgettable evening, the visitor complex will transform into a vibrant, illuminated experience where guests can explore iconic attractions after hours, meet astronauts, hear from space industry leaders, and enjoy immersive entertainment.

Event highlights include:

Live DJ entertainment and dance party in NASA Central

Cosmic Glow Mini Golf in the Rocket Garden

Live street performers and interactive entertainment

Astronaut meet-and-greet opportunities

Fireside chats and panel discussions with notable space industry guests

After-hours access to select Kennedy Space Center Visitor Complex attractions

New for this collaboration, Yuri's Night programming will feature engaging conversations and panel discussions focused on the future of space exploration, as well as the impact space has on life here on Earth.

"Kennedy Under The Stars: Yuri's Night Edition brings together the excitement of today's space exploration with the legacy of the early space era," said event organizers. "It's a one-of-a-kind opportunity to celebrate humanity's journey beyond Earth at America's premier spaceport."

Guests of all ages are encouraged to attend and can participate in the festivities while dressed in space-themed attire.

Tickets are now available, with special pricing for annual pass holders. Parking is included.
