Fairview Park, OH, June 26, 2026 --([PR.com](https://www.pr.com))-- Design Mojo, a full-service creative design and marketing agency based in Fairview Park, Ohio, is proud to celebrate its 30th anniversary in 2026.

Founded in 1996 by President and Owner Jane Kenney, Design Mojo has spent three decades helping businesses throughout Northeast Ohio and beyond build stronger brands, connect with customers, and grow through strategic marketing solutions. What began as a graphic design and print-focused business has evolved into a comprehensive agency offering website design, video production, digital marketing, social media management, direct mail marketing, branding, and business growth strategies.

Over the past 30 years, the marketing landscape has transformed dramatically—from print advertising and fax machines to websites, social media, video marketing, and artificial intelligence. Through each change, Design Mojo has remained focused on helping clients adapt, grow, and succeed.

"Thirty years in business is both a milestone and a reflection of the incredible clients, partners, and team members who have been part of our journey," said Jane Kenney, President of Design Mojo. "We've had the privilege of helping businesses tell their stories, build their brands, and achieve their goals. We're grateful for the trust our clients have placed in us and excited about what the future holds."

Throughout its history, Design Mojo has served companies across a wide range of industries, providing creative solutions that combine strategy, design, technology, and storytelling. The

agency continues to embrace new marketing innovations while maintaining the personalized service and client relationships that have defined its success.

To commemorate the anniversary, Design Mojo will be sharing stories, memories, client successes, and team highlights throughout the year across its website and social media channels.
